

Manifold Cabinets, Recess

Radiant Heating & Cooling / Plumbing / Snowmelt / Controls

MrPEX® Recess manifold cabinets allow for a neat and professional installation when the manifold is required to be recessed. The depth and height is adjustable to accommodate different wall constructions. Cabinets have knockouts on the sides and top for easy routing of mains, and are made from hot-dipped 20 Gauge galvanized steel. To save on space and to reduce damage during shipping, cabinets come boxed flat and un-assembled. Also featuring; a durable white finish, door with latch, adjustable manifold mounting brackets, and a removable front section for easy access during installation.

Part #	Description	Type
