

Thermal Actuator

Radiant Heating & Cooling / Plumbing / Snowmelt / Controls

Thermal Valve Actuator with or without End Switch

Features:

- Maintenance free
- Quiet
- Moisture resistant
- Low power consumption
- Easy Snap-On mounting
- Pop-Up On/Off indicator
- Comes partially open for easy mounting
- Rotates 360 degrees
- 2 Year Warranty

Use VA 10 Adaptor rings to install on MrPEX Manifolds. To install remove the Blue on/off valve and replace with VA 10 Adaptor that comes with actuator.

Specifications:

Part Number: 5120700 & 5120701

Operating Voltage: 24V AC/DC 0-60 Hz

Power Consumption: 1W (1 VA Draw)

Switch-On Current: max. 250 mA

Micro Switch: 24V / 0.5 A

Protection: IP54

Storage Temperature: - 13 F to 149 F

Humidity: max. 80%

5120700, 4-wire: Yellow = Power, Red = End Switch

5120701, 2-wire: Blue/Brown = Power
